## DETAILED ACTION

### *Election/Restrictions*

The examiner had done a restriction in paper mailed 8/10/2004. It was *not an election of species*. Applicants' compounds do not have a common core at all. With C, B, Z, Ua, Xa, Ya, Za, various R's all being variable, the only common core is N-C=O and this is not applicants' contribution over the prior art.

Thus all the various groups are patentably independent and distinct over one another. And Restriction is proper. Restriction is made FINAL.

Thus the election is limited to the elected group I.

Applicants have not completely amended the claims. The restriction requires all R's and Q to be non-hetero ring groups.

The claims have not been amended to indicate this.

Claim 2 has been amended to some extent but it still has R to be hetero rings.

The rejection of claim 1-6 under 35 USC 112 still stands since applicants have not amended the claims fully. Claim 2 has been amended but claim 1 still has the various definitions.

### *Conclusion*

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after

Art Unit: 1625

the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
